EDITORIALS:

ZIKA VIRUS INFECTION & AYURVEDA

Zika fever is infectious disease caused by zika virus, which is transmitted to the people by Aedesbaegypti mosquitoes (also known as yellow fever mosquitoes) & by Aedes albopictus mosquitoes. It is a vector born disease.

The common signs & symptoms are fever, rash, conjunctivitis, muscle & joint pain & headache.

According to Ayurveda principles of jwara chikitsa like Agnideepana, amapachana, srotoshodhana, pitta shamka, are useful in the management of zika virus infection. After reduction symptoms giloy (Guduchi) churna is useful as rasayan (imunomodulator) chikitsa.
