Editorial's:

It is a tremendous honour and a privilege to have been entrusted with the leadership of (Editor in chief) IJMHS . I look forward to continuing Multidiciplinary health sciences leadership in publishing the most interesting and ground-breaking discoveries, and providing a voice on important issues such as promoting transparency and diversity in multidiciplinary health science.

International Journal of Multidisciplinary Health Sciences (IJMHS) publishes original scientific research reports, case reports, short communications, letters to the editor and reviews which cover significant new findings in all areas of health care sciences (including epidemiology, public and environmental health). Book reviews, scientific news and conference proceedings are published on special request. This journal is a platform for the researchers for their publication as it reaches globally. It publishes original research articles in the field of Medicine, Dental, Ayurveda, Homeopathy, Pharmacy, Alternative medicine and allied health disciplines. It is announcing very soon IJMHS have publishesh print media version.
